PROFESSIONAL SUMMARY

Computer Science graduate with hands-on experience in full-stack web development using React.js, Node.js, and PostgreSQL gained through internships and academic projects. Skilled in building responsive web applications, integrating APIs, and collaborating within development teams. Eager to apply my technical skills, problem-solving abilities, and passion for continuous learning to contribute as a Web Developer in a growth-oriented organization.

WORK EXPERIENCE

On the Job Training School Division of Ilocos Norte Web Developer	June 2025 - July 2025
- Developed a Scheduling System using React.js, Node.js, and PostgreSQL to efficiently manage meetings and streamline scheduling processes. - Implemented conflict detection features to prevent overlapping meetings and ensure accurate scheduling. - Designed an automated notification system that alerts users of upcoming meetings within a specified number of days.	
Thesis Project Mariano Marcos State University Machine-Learning	August 2025 - April 2026
- NLP-Based Evaluation of Multiple-Choice Questions - Based on a pre-labeled dataset - Used BERT embeddings and semantic analysis - Evaluated question quality and alignment	

PROJECT HISTORY

NLP-Based Evaluation of Multiple-Choice Questions Thesis Project
Built an NLP model leveraging BERT embeddings and semantic similarity techniques to classify and evaluate multiple-choice questions using a pre-labeled dataset with alignment annotations.
Pizza Ordering System (C++)
Developed a console-based pizza ordering system in C++ with menu selection, order customization, total calculation, and order summary generation features.
TrendWear - E-Commerce Clothing Website
- Developed a responsive e-commerce clothing website - Enabled product browsing and item detail viewing - Implemented shopping cart management and order placement features
Coffee Shop Reservation and Ordering System
- Developed a web-based coffee shop system - Enabled table reservation and menu browsing - Implemented online ordering through an integrated platform

EDUCATION

Bachelor of Science in Computer Science Mariano Marcos State University #16 Quilling Sur, Batac City, Ilocos Norte	2022-2026	Junior High School Banna National High School #4 Marcos, Banna, Ilocos Norte	2016-2021
Senior High School Banna National High School #3 Lorenzo, Banna, Ilocos Norte	2021-2022	Elementary School Banna Elementary School #4 Marcos, Banna, Ilocos Norte	2010-2016

SKILLS

- Frontend: HTML, CSS, JavaScript, ReactJS
- Backend: Node.js, basic API development
- Database: PostgreSQL, MySQL
- Tools: Git, GitHub, VS Code
- Basic full-stack development knowledge

LANGUAGES

- Filipino (Native)
- English(Conversational)

INTEREST

- Web Development
- Software Engineering
- Full-Stack Development
